Preliminary Wholesale Prices

Purpee's

Seeds for 1909 For the Trade Only.

Natural Size Fresh Green Beans of
THE NEW FORDHOOK BUSH LIMA

You will please note not only the extreme size of the beans at top, but also the increased thickness of the beans as shown on end below.

RECEIVED
AUG 4 1923
U. S. Department of Agriculture.

"Fordhook"

Three
Pods,
natural size,
reproduced from
a Photograph of the Unique
FORDHOOK BUSH LIMA.

A Plant of the Unique FORDHOOK BUSH LIMA,—reproduced from a Photograph.

Fordhook Bush Lima Bean.

The *only* stiffly erect Bush form of the popular "Potato" Lima! Both pods and beans are twice the size of Kumerle or Dreer's Bush Lima.

Fordhook Bush Lima is altogether unique, and has created the greatest "sensation" of any vegetable ever presented. Until its introduction two years ago, nothing like it had ever been seen before! It was created by Nature as a single sport in a field of the Challenger Pole Lima in 1903. Previously the *Kumerle* (*Thorburn* or *Dreer's Bush Lima*) was the only dwarf form of the fat "Potato Lima." While this is largely planted, many gardeners have objected, however, to the prostrate growth of the plant, as the pods frequently become discolored from being beaten to the ground by the wind or rain.

Fordhook Bush Lima is of stiffly erect habit, branching freely but with all the branches held upright. This ideal bush growth is strikingly different from the low-spreading growth of the *Kumerle* or *Dreer's Bush Lima*. It has foliage like that of the large pole Limas. The leaves are large, smooth, and a dark rich green,—identical with the leaves of *Burpee's Bush Lima*,—as contrasted with the smaller pale green leaves of the *Kumerle*, *Thorburn* or *Dreer's Bush*.

Fordhook Bush Lima bears tremendous crops! The beans are ready for use as early as those of *Burpee's Bush Lima*, which furnishes fine Lima beans for the table three weeks earlier than they can be had from most pole varieties. The plump well-filled pods are *twice as large* as those of the *Kumerle* or *Dreer's Bush*, while the individual beans are also fully twice the size. The pods measure four to five inches in length, containing four to five large beans each.

Fordhook Bush Lima produces such large "Potato Limas" that visitors to our FORDHOOK and SUNNYBROOK FARMS have been astounded! The beans are very "fat" and lie so closely together in the pod that they are flattened on the ends. The pods are so fully packed that the beans are most easily shelled.

Fordhook Bush Lima has an additional merit over all other varieties of the "Potato Lima" type. The green beans, even when of full size, are tender, juicy and sweet in flavor when cooked, resembling the flavor of the finer varieties of large flat Lima,—as distinct from the rather dry and mealy character of all other varieties of the *Potato*, *Challenger* or *Dreer's Lima* type.

Wholesale, \$9.00 per bushel of 60 lbs.

Advance Wholesale Prices for 1909,—of The Best “Seeds that Grow!”

PHILADELPHIA, October 17, 1908.

You may get from other responsible growers seeds “just as good,” but you cannot procure better nor can you get seeds *uniformly so good* for less money.

On our famous FORDHOOK FARMS in Pennsylvania and SUNNYBROOK FARM in New Jersey, we conduct the largest and most complete Trial Grounds. The number of field trials average about seven thousand, while more than fourteen thousand soil tests for vitality are also made every year.

BURPEE'S SEEDS are grown either on our own farms or produced for us, of *extra selected strains*, in such sections of America and Europe as have proved best suited to the finest development of the various Vegetables, Flowers, and Grains.

FIFTH STREET FRONTAGE OF
THE BURPEE BUILDING, PHILA.

At Wholesale—as well as at retail—we are “**A Mail-Order House**” *exclusively*. We never send out travelers to solicit orders. As a consequence, however, we are careful to *attend promptly* to inquiries by *mail* or *telegram*. In large lots on many varieties, this season, we are prepared to quote **special prices** upon request.

It pays to order early. Should any varieties be quoted lower in our general Trade List to be issued, as usual, January 1st, we shall give advantage of such reductions on all booked orders. Some prices are likely to advance,—thus you have everything to gain by placing your order early.

Terms of Credit.—To regular customers and well-known houses of established credit, all bills bought from this catalog are due June 1st, without regard to date of purchase, excepting Beans, Corn and Peas on which terms are (except when included in a general order) sixty days net or subject to a discount of one and a half per cent. for cash within ten days of date of invoice.

☞ Bills purchased **on special quotations**, made by letter or telegram, are *net* sixty days from date of invoice, or subject to a discount of one and a half per cent. for cash within ten days of date of invoice.

☞ Unknown correspondents desiring credit are requested to give satisfactory reference in Philadelphia or New York.

Cash Discount.—We allow a discount of **Five Per Cent.** on orders (at printed prices) accompanied by a cash remittance, and also on all bills, except where Beans, Corn and Peas only are ordered (at catalog prices) paid within ten days from date of invoice.

The Prices Quoted are those ruling at this date. We expect to adhere to these prices until the issue of our January catalog, except where important changes compel us to make advances or reductions, when we shall be governed by the market. **10 lbs. and more are supplied at the rates per 100 lbs.;** $\frac{1}{2}$ lb. and $\frac{1}{2}$ bushel at pound and bushel rates; but *smaller quantities will be charged at a slightly higher rate.*

NO CHARGE for Packing or Cartage.—Bags and boxes are charged *at Cost.* After delivering to forwarders in **good order** (as shown by Bill of Lading) our responsibility ceases.

Insurance will be effected only when so directed.

SEALED PACKAGES.—We make no charge for sealing **pounds, pecks, or bushels**, but at the low bulk prices quoted we shall charge for putting up in smaller sealed packages, when so ordered, as follows:

In Ounces.—One cent per ounce, 50 cts. per 100 ounces.

In Quarter-Pounds, Pints, and Quarts.—Two cents for each package.

In Two-Quarts and Four-Quarts.—A charge of three cents per package.

W. ATLEE BURPEE & CO., PHILADELPHIA.

BURPEE, Philadelphia,

Is Our Registered Cable Address.

All foreign customers are requested to advise us of their **shortest cable address**. Customers in America who wish to telegraph will also, occasionally, find it useful to use the following additional code. Please note the **code-words** below that would be used in our **reply**, either by cable or telegram.

FOR OFFERS AND INQUIRIES.

CODE-WORD.	TRANSLATION.
<i>Daubling</i>	Telegraph your lowest prices for
<i>Dean</i>	Mail your lowest prices for
<i>Decoy</i>	Mail your lowest prices for, and send samples.
<i>Defend</i>	Telegraph when goods can be shipped.
<i>Defender</i>	Advise immediately by mail how soon goods will be shipped.
<i>Deform</i>	Can you offer for acceptance by mail
<i>Deject</i>	Can you offer any? If so, telegraph prices.
<i>Delude</i>	Can you offer any? If so, mail prices.
<i>Derange</i>	Telegraph quantities you can offer of following, with prices.
<i>Descend</i>	State by letter quantities you can offer of following, with prices.
<i>Descry</i>	When can you ship.....?

[Code-words that will be used in OUR ANSWERS.

<i>Dab</i>	{ In reply to your telegram, we quote for immediate acceptance upon our usual terms for special quotations the varieties named below, provided they are unsold upon receipt of your order.
<i>Dabster</i>	Letter written contains full information.

<i>Dasher</i>	{ Send at once following.....; let the other seeds follow as quickly as possible.
<i>Dashing</i>	{ Have you shipped our order? If not, increase if possible our order forto.....pounds (bushels).
<i>Datary</i>	{ Send.....immediately by express. Let balance of order follow by freight.
<i>Dation</i>	Duplicate our last order.
<i>Datisca</i>	Book our order and await instructions by mail.
<i>Daturein</i>	Please add to our order.

TELEGRAPHIC CIPHER FOR PRICES.

The cipher or code-words given on this page are principally for our use in making quotations. For example :

Dab Cefalu Carding Davit, Tokay Pallium Defix, would mean : In reply to your telegram, we quote for immediate acceptance upon our usual terms for special quotations, provided unsold upon receipt of your order, one hundred pounds BURPEE'S SUREHEAD CABBAGE at \$1.00 per pound, two hundred bushels BURPEE'S BEST EXTRA EARLY PEAS at \$3.00 per bushel. These code-words can be used also if, when placing a telegraphic order, you wish to specify price quoted. For example :

Dare Calicut Chanter Dang, Mocha Bib Despoil, meaning : Ship at once by freight, as per special quotations, seventy pounds CHANTENAY CARROT at 35 cts. per pound, sixteen bushels BURPEE'S BUSH LIMA BEANS at \$5.25 per bushel.

By exercising ordinary care in preparing the telegram you can save time and money by the use of our code system. When possible, telegraphic orders are filled and shipped the same day they are received.

For Code-words for Quantities, Orders, etc., see pages 2 and 3.

Thomas Laxton.....	<i>Papist</i>	6 25	6 00

Lower Prices could easily be quoted were we not practical growers and testers of seeds ourselves.

Were we willing to take simply the "say-so" of other growers in America and Europe, without proving the stocks in greenhouses, frames, and open field trials, we should save thousands of dollars annually. In that case, however, we would never have succeeded in building up and maintaining, —in spite of close competition,—a business that is acknowledged to be the largest direct mail-order seed trade in the world.

Choice Strains of Tall Sweet Peas,

Including all the desirable varieties—both new and old.

We are acknowledged as **AMERICAN HEADQUARTERS** for Sweet Peas.

↳ We should refer to our Retail Catalog for full descriptions of **NOVELTIES** not specially described herein, and should suggest that with the present widespread interest in Sweet Peas it will pay seedsmen generally to offer more of the **NEW SORTS**, as the margin of profit—between retail and these special prices—is greater than on standard varieties.

↳ We are not bound by these prices after December, and for quantities only so far as engaged.

When our general Wholesale Catalog is issued in January, probably many varieties will be advanced.

Sweet Pea,—Burpee's "Apple Blossom" Spencer

See Colored Plate in our Retail Catalog.

This is a reproduction of the long-time popular *Apple Blossom Sweet Pea*, but of enlarged size and the true Spencer type. The form is most attractive; the petals are waved and crinkled to a remarkable degree with distinct serrations on edges of standard. The flowers are very beautiful and bunch well. Like the original *Apple Blossom*, some flowers are deeper in color than others on the same vine. The vine is thrifty and the large handsome flowers are produced on long stems.

In sealed packets containing twenty seeds each: Per pkt. 15 cts.; \$1.00 per doz. pkts.; \$7.00 per 100 pkts. In lots of 500 pkts. or more, \$6.25 per 100 pkts.

In sealed packets containing forty seeds each: Per pkt. 25 cts.; \$2.00 per doz. pkts.; \$13.75 per 100 pkts. In lots of 500 pkts. or more, \$12.50 per 100 pkts. (Cable word, APPLE.)

A Spray of

BURPEE'S
APPLE BLOSSOM
SPENCER,—

Exactly Natural Size,—
Engraved from a Photograph.

Electrotypes of this block for catalog use furnished at \$1.00 each, but only to those who order the seed.

Burpee's Apple Blossom Spencer

was first offered last year exclusively by us and only at retail—ten seeds for 25 cts. We stated then (on page 109 of our Retail Catalog for 1908): "While very free flowering, this is an extremely shy seeder, and had we realized last summer when the Colored Plate was painted how short the supply of seed would be we would not have included this in the plate, but should have held back the stock for another year. Sold only in sealed packets containing only ten seeds each, and positively not more than five packets can be supplied to any one planter."

The demand far exceeded the supply, but we were determined to save sufficient stock seed to popularize this charming novelty in 1909. It has already elicited expressions of praise and is sure to make a host of friends in 1909, who will now first have an opportunity to plant

"Apple Blossom" Spencer.

The New Burpee-Improved Bush Lima.

Earliest, Largest and the Best of all Large Limas!
The sturdy bushes are loaded with pods that are truly enormous in size! The luscious green beans are larger than any Limas ever known before!

The "Burpee-Improved" is a distinct "New Creation" and not merely an improved selection made by man. It shows a most remarkable advance and its discovery is of incalculable value to American Horticulture.

It differs from the best strains of *Burpee's Bush Lima* in having uniformly much larger pods, producing more beans, while both pods and beans are not only larger in size but also considerably thicker. The stiffly erect upright bushes are more vigorous in growth, with heavier foliage. Full-grown bushes measure thirty inches in height and twenty-four inches across the top.

The "Burpee-Improved" produces magnificent crops of pods which measure from five to six inches long by one and one-quarter inches wide. The blossom-bearing stalks are thrown well out from the foliage and the pods are borne in what might be called "clusters" of from five to eight. As compared with *Burpee's Bush Lima* both pods and beans are *very much larger*, while the beans, either green or dry, are nearly twice as thick. Even when of full size the enormous beans are of the most luscious flavor; they are thin skinned and *truly delicious!*

The "Burpee-Improved" is fully *eight to ten days earlier* than any other Large Lima, either bush or pole,—see *sample reports printed in our Retail Catalog*. This one feature alone would suffice quickly to make it the most popular of all Large Limas. We have tested all varieties,—both bush and pole,—and *know* whereof we speak!

The Burpee-Improved Bush Lima

will outyield *Burpee's Bush Lima* by fully one-third. This greater yield is due to the increased size of both pod and beans. The dried beans are very handsome and generally show a greenish-white coloring, while dried beans of the *Burpee Bush Lima*, like those of the Large Pole Lima, are pure white. **Wholesale:**

\$15.00 per bushel.

Electrotypes of the Novelties offered in this advance list will be furnished at actual cost (which is merely nominal),—but **only** to houses who properly catalog these varieties and place an order for seed with us.

NEW MUSK MELON,—BURPEE'S "FORDHOOK,"—Two-thirds Size, from a Photograph.

Burpee's New "Fordhook" Musk Melon.

Fully equals our Emerald Gem in delicious flavor. So firm is the rough-netted skin, and so solid the thick salmon flesh, that the melons carry to market even better than do Burpee's Netted Gem,—the famous "Rocky Ford" Melon.

Fordhook Melon is the result of a cross between *Burpee's Emerald Gem* and the *Improved Jenny Lind*. As shown by the illustration, it resembles the "*Improved Jenny*" in form; it is equally as roughly netted, while the skin, showing between the netting, is emerald-green. The flesh is very thick, of an attractive deep salmon color and surpassingly sweet to the very rind. It is fully equal in flavor to the *Emerald Gem*. Many say that it is even better,—"*the most delicious of all melons.*" The beautiful salmon flesh, while so surpassingly luscious, is not only very thick, but also extremely solid. The rind, although thin, is unusually firm, so that the fruits carry well to market. There are no musk melons (or cantaloupes) that are better shippers.

Fordhook Melon is most vigorous in growth, very early and extremely prolific. The fruits are ready for market fully as early as the green-fleshed *Early Jenny Lind*. The vines grow vigorously and each vine sets from five to nine melons immediately around the stem; frequently the fruits touch one another. The melons are remarkably even in size, weighing from 1 lb. 8 ozs. to two pounds each. They are always of the handsome form and attractive appearance illustrated above. "FORDHOOK" is so "*thoroughbred*" that there are practically no fruits unfit for market.

Wholesale, \$2.25 per lb.

The Name—Burpee—is synonymous not only with "The Best Seeds that can be Grown," but also with many of the best Melons grown in America. Twenty-eight years ago (in 1881) we first named and introduced *Burpee's Netted Gem*,—now the most popular musk melon in cultivation and the variety that, under the market name of "*Rocky Ford*," has made Colorado famous. Twenty-three years ago (in 1886) we introduced the celebrated *Emerald Gem*, which has been recognized ever since as the "*Sweetest of all Melons*"—the standard by which all others must be judged as to quality. Of our other introductions which have become standard varieties we would mention *Bay View*, *Montreal*, *Champion Market*, *Golden Eagle* and *Burpee's Matchless*. We have been equally successful in the introduction of Water-melons. The above record of Musk Melons, however, will suffice to show that *we know melons*, and that when we introduce a variety under the name of FORDHOOK,—"Burpee's Best" Musk Melon. we stake our reputation that it is all the name implies,—

☞ Please remember—should you forget our full firm name, that it is sufficient to address simply,—either letter, telegram, or cable message,—
